

ASSOCIATION OF MONTEREY BAY AREA GOVERNMENTS

Admiral Conrad Lautenbacher, USN (retired)  
Undersecretary for Commerce for Oceans  
and Atmosphere and NOAA Administrator

Washington, D.C. 20230

Dear Admiral Lautenbacher:

The Board of Directors of the Association of Monterey Bay Area Governments (AMBAG) respectfully requests your attention to our recommendations regarding the operation of the Monterey Bay National Marine Sanctuary's Advisory Council. We believe that these recommendations would strengthen the role of both the Marine Sanctuary office and the Sanctuary Advisory Council.

Our Board of Directors is comprised of elected officials representing the counties and cities of Monterey, San Benito and Santa Cruz counties, in the north Central Coast of California, a region of approximately 750,000 people. The Association was formed in 1968 for the sole purpose of safeguarding the water quality of Monterey Bay. It is now a multi-purpose regional planning agency that was instrumental in the designation of the Monterey Bay National Marine Sanctuary in 1992.

Following over an eight-month period of public discussion and input, our Board of Directors took formal action on October 13, 2004 to forward a set of recommendations to you on two specific issues: the selection process of the Sanctuary Advisory Council members and those members public disclosure of interests. Our detailed recommendations are attached.

Thank you for your consideration of our requests, which are made in the spirit of enhancing the established process in the best interest of the sanctuary program.

Sincerely yours,

Ralph Rubio  
President
